Dear Thompson descendants,

Thank you so much for your submission of the A. Gordon Thompson Family Cemetery. Your submission has been reviewed and entered into the system. The process is now complete. For your records, the cemetery has been assigned the following registry file number: **31RB670**.

Please note that this file may be updated or amended at any time with news, documents, photos, oral histories, etc. Please include the aforementioned file number in your correspondence. That way we can ensure that the material is added to the correct file.

Many thanks for your attention and submission. Recording a cemetery in as many places as possible is the most critical step once can take for a cemetery's long term preservation. I appreciate all of your hard work!

Don't hesitate to reach out if you have any future questions or concerns.

Sincerely,

A handwritten signature in cursive script that reads "Melissa A. Timo".
